

Create the Following Web Page Using All Of the Codes Listed On The Previous Page!

Note:

1. Page margins should be set at 50 for the top and 50 for the left side.
2. If you want the text to wrap around the image, then insert the image code prior to the text that will be flowing around it. In this circumstance, it will be inserted prior to the Title.

The image's size should be height =200 & Width=150
The image should be aligned left and the text will flow around its right side.

The title should be sized as an H1.
Color: red
Text should be bold.
Text should be centered.
Font: geneva

Do what you want
in order to create
the link.

The paragraph text as:
Font size =H5
Font = Arial
Font color= green

First insert a line break. Then...
The subtopic text:
Font color="#0000FF"
Center the text.
Make the font bold and italics.
Font: Verdana
