

Lossy vs. Lossless (5pts)

Rapid Research

You and a partner will research which Compression Schemes are used for the following file formats.

Hint:

- Type in “what type of compression format is ‘.mov’”

File format name	What type of file is this?	Compression? uncompressed, Lossy, Lossless	Explain... (In no more than a sentence, explain why you think the file is compressed in this manner.)
JPEG (or JPG)			
PNG			
GIF			
MP3			
AIFF			
MP4			
MOV			

Question: What other file type(s) have you heard of? Which one would you like to know the most about?
