

## Shark Tank

---

1. Develop a Technological Innovation that could really be useful in your field of interest.
2. Create Presentation on Post It Poster:
  - a. Title / Draw Image / Brief Explanation.
3. Present to Investors
  - a. Students will stand up in front of a group of investors with their Poster and share their ideas.
  - b. All the investors (students) will be provided with money (100, 50, 25, 10). At the end of the presentations, the Investors will hand money to the students who they would like to invest in their product.
  - c. The investors must state why they liked certain ideas and why they were not investing in the other ideas.
  - d. At the end, count the money and see which idea got the most support.
