

“IF / Then” vs. “When”

With a partner discuss what the difference is between the two sentences in each of the Sets below:

Set #A

- When the button is clicked add one to the score.
- If the button is clicked add one to the score.

Take a moment to discuss with your partner the difference between the two sentences.

Set #B

- When the score reaches 20, set the screen to "game over."
- If the score reaches 20, set the screen to "game over."

Take a moment to discuss with your partner the difference between the two sentences.

What is the difference between “When” & “If”??
